

\_\_\_\_\_ kept me up all night.

\_\_\_\_\_ kept me busy all day.

\_\_\_\_\_ was the last thing I expected to find inside the VM.

An SRE conference is never complete without \_\_\_\_\_.

A romantic, candlelit dinner would be incomplete without \_\_\_\_\_.

I can't believe I got away with \_\_\_\_\_.

I always include \_\_\_\_\_ in my reviewer feedback.

I can't concentrate without \_\_\_\_\_.

During an incident I always \_\_\_\_\_.

I don't encrypt my files,  
I keep them hidden in  
\_\_\_\_\_.

I drink to forget  
\_\_\_\_\_.

I get by with a little  
help from \_\_\_\_\_.

I got 99 problems but  
\_\_\_\_\_ ain't one.

I just hope the  
reviewers don't notice  
\_\_\_\_\_.

I just got out of an  
incomprehensible talk  
on \_\_\_\_\_.

I hope no one finds out  
about \_\_\_\_\_.

I woke up filled with  
shame about \_\_\_\_\_.

Did you hear that  
\_\_\_\_\_ is the new hot  
topic?

I can't believe my grant application for \_\_\_\_\_ was denied!

I swear I didn't go to SRECon because of the location, I went for \_\_\_\_\_.

An SRE talk titled \_\_\_\_\_ turned out to just be about \_\_\_\_\_.

I think I will skip the session on \_\_\_\_\_ this year.

During an incident, I like to think about \_\_\_\_\_.

I woke up drenched in sweat from a nightmare about \_\_\_\_\_.

I'm sorry, Professor, but I couldn't complete my homework because of \_\_\_\_\_.

It took 72,000 instances, but I finally cracked \_\_\_\_\_.

My academic CV says I'm an expert on \_\_\_\_\_.

My career started with \_\_\_\_\_.

I'm hoping to avoid 2/3 of the program committee, because my paper is on \_\_\_\_\_.

It turns out that my company's password policy requires \_\_\_\_\_.

My student couldn't complete their homework due to \_\_\_\_\_.

One regret I have from my PhD is \_\_\_\_\_.

The next big thing will almost certainly be \_\_\_\_\_.

I'll eat my hat if anyone ever breaks \_\_\_\_\_.

I was surprised to see anyone awake at the end of my presentation on \_\_\_\_\_.

I find that \_\_\_\_\_ relieves oncall stress.

Remembering \_\_\_\_\_,  
then immediately  
vomiting.

The way things are  
going, the best talk  
at SRECon 2049 will  
probably be about  
\_\_\_\_\_.

There is nothing quite  
like \_\_\_\_\_, alone in  
the office at night.

What gets better with  
age?

What's an SRE's best  
friend?

Why can't I sleep at  
night?

What's my secret  
power?

What is the best way  
to wind down at the  
end of a hard day?

What is the best way  
to wind down at the  
end of a big incident?

Putting \_\_\_\_ in my application helped me immensely.

My encryption scheme is extra secure because of \_\_\_\_.

Talk dirty to me. Tell me about \_\_\_\_.

What an SRE will find disturbing, yet oddly satisfying?

What don't you want to find during an incident?

What makes things awkward in an incident?

Here is the pager, here is the incident, open your laptop and you will find \_\_\_\_\_.

I don't mean to brag, but they call the Chuck Norris of \_\_\_\_\_.

Do you lack sleep? Does it feel sometimes that the world is \_\_\_\_\_? Xanax.

Hi, this is Maria from accounting. We noticed a 10.000 charge labeled as \_\_\_\_\_. Can you explain?

Get ready for the deployment freeze for Black Friday

\_\_\_\_\_, that's when I want to die.

What never fails to liven up the party?

A romantic dinner would be incomplete without \_\_\_\_\_.
