

\_\_\_\_\_ kept me up all night.

\_\_\_\_\_ kept me busy all day.

\_\_\_\_\_ was the last thing I expected to find inside the VM.

An SRE conference is never complete without \_\_\_\_\_.

A romantic, candlelit dinner would be incomplete without \_\_\_\_\_.

I can't believe I got away with \_\_\_\_\_.

I always include \_\_\_\_\_ in my reviewer feedback.

I can't concentrate without \_\_\_\_\_.

During an incident I always \_\_\_\_\_.

about \_\_\_\_\_.**

**I woke up filled with  
shame about \_\_\_\_\_.**

**Did you hear that  
\_\_\_\_\_ is the new hot  
topic?**

Remembering \_\_\_\_\_,  
then immediately  
vomiting.

The way things are  
going, the best talk  
at SRECon 2049 will  
probably be about  
\_\_\_\_\_.

There is nothing quite  
like \_\_\_\_\_, alone in  
the office at night.

What gets better with  
age?

What's an SRE's best  
friend?

Why can't I sleep at  
night?

What's my secret  
power?

What is the best way  
to wind down at the  
end of a hard day?

What is the best way  
to wind down at the  
end of a big incident?
